Accidents Injure Eight; Overall Record 'Good'

One-Way Street Proposal Vetoed By Police Chief

A recent suggestion to make certain streets one-way during winter months this week drew a definite "no" from Police Chief Albert E. Ryan. In a letter to Town Manager Edward C. Monahan, Chief Ryan said:

"Dear Mr. Monahan: The suggestion to make certain streets 'One Way' during winter months is commendable, but in my opinion, would be impracticable. Its effectiveness would be defeated by the confusion it would create and the cost to properly sign the various streets would be prohibitive."

Eight persons were injured in eight separate accidents here this week.

Despite the six crashes, officials were pleased with the overall record over the New Year's holiday. The number of mishaps was small, considering the treacherous conditions and the New Year's rush.

Two men were injured on Tuesday morning when they were involved in a collision on Pleasant st. James F. McMeniman of Waltham was cut on the left side of the forehead and taken to Symmes hospital by police. The other driver, Hugo R. Alari of Belmont suffered abrasions on his left leg and a cut lower lip.

Saturday, at the beginning of the storm, Alvin E. Collins of Waltham was taken to Symmes and treated for head and neck injuries after a three car collision on the Concord Turnpike at Cedar ave.

A sensational crash on the Concord Pike between Pleasant st. and Lake st., demolished two cars and hospitalized two men.

John R. Gallagher of 46 Norfolk rd. suffered a lacerated left leg and left hand and George Gangas of Belmont was treated for glass particles in both eyes. The Gallagher vehicle turned completely over.

A 19 year old Waltham youth, father of a six-month-old baby, was arrested this week and charged with over 100 burglaries, six of them in Arlington.

Inspectors James Doherty and John LeCain were in on the arrest in Newton. They said that Paul Grenier, 19, of Waltham, had confessed to the Arlington breaks. Homes allegedly entered by Grenier are at 1284 Concord Turnpike, 315 and 384 Appleton st., 19 Virginia rd., 141 Dow ave. and 129 Dow ave.

Police said that in Arlington, only \$6 was taken in the six breaks.

Coasting Mishap Hospitalizes Boy

A 14-year-old Arlington boy underwent surgery for a ruptured kidney yesterday after he had collided with a parked car while sledding on Wollaston ave.

Richard Querze, 14, of 179 Wollaston ave., was rushed to Symmes by police and underwent surgery shortly afterward. Police say he was injured when he coasted into a parked car in front of 16 Wollaston ave.

The accident drew a warning from Police Chief Albert E. Ryan.

"There's no safe place for coasting in Arlington," he said. "If there were any such safe hill, it would be posted as safe for sledding."

"Coasting is not allowed here," Ryan added. The Chief urged all parents to warn their children about the dangers so that no other accident may occur.

THE MTA has approved the Selectmen's request to move the inbound bus stop at Arlington Center down to the Monument Market.

AHS Six Downs Rindge; Holds On To Top Spot

Coach Eddie Burns' AHS hockey team held on to its first place ranking in the GBI League Friday afternoon at the Arena by pinning an 11-1 defeat on hapless Rindge.

The victory, Arlington's 3rd in as many starts, enabled the locals to stay in a first place tie with Belmont. Melrose was knocked off the top, bowing to Newton 2-1.

Defenseman Franny Brennan paced the locals with two goals and six assists. Captain Gerry Cronin and Bob Bowser each connected for two lamp-lighters in the rout.

Other scorers included sophomore Bill Collins, Bill Burns, Mike Faiola, Jim Ellingwood and Jack Aiken.

Burns tried to keep the score down by playing his first line only 30 seconds in the last period but it did no good.

This week the locals tangle with scrappy Cambridge Latin, a team which has had only 3 goals scored against it.

The Cantabs are paced by goalie Ed DeMont, probably the league's best, and defenseman Red Martin.

In addition, the Cantab forward lines back check feverishly, making it well-nigh impossible for opponents to get set at the net.

The summary: **Arlington (11)** — Goal, Apple; Defense, Brennan, Burns, Faiola, McLean; Forwards, Limerick, Ellingwood, Cronin, Aiken, Bowser, Mahoney, Flangan, Collins, Chisholm.

Goals — Bowser, 3, Brennan, 2, Cronin, 2, Ellingwood, Burns, Faiola, Aiken, McCarthy.

FOOTSAVING EDUCATION

By Herb Mason

Will Foot health be improved by talking about it?

In a way, yes. I would not say that mere talk has reduced the death rate caused by tuberculosis, but I do believe that the educational program of the Tuberculosis Association has saved many lives by uprooting the old custom of labeling tuberculars "Consumptives" and shutting them up to die.

Talk will not cure cancer either but discussing early signs of the disease will lead to many early diagnoses and cures.

I believe that this decade will be known in health education history as the most productive in foot health thinking in three hundred years because modern young parents are studying the subject and discussing what they read. Bunions hammer toes, corns, callouses and even a large percentage of weak-foot are rooted in ignorance and ignorance cannot withstand the light of intelligent discussion.

WHAT IS OUR TAX RATE?

That seems like a ridiculous question. Certainly every property owner knows it is about \$70 per thousand dollars of valuation—actual figure is \$69.20.

On the other hand, the tax rate really means little on account of that phrase "per thousand dollars of valuation."

For example:—

—If your home is assessed for \$5,000 at \$70 per thousand your tax bill is \$350;

—Your tax bill would remain at \$350 even though the tax rate were \$175, if it were assessed at \$2,000;

—Or the same, if the tax rate were \$35 and if your property was valued at \$10,000.

Thus the tax rate means nothing without considering the valuation; also the valuation means nothing without the tax rate. Value and rate are interlocked.

In order to compare the cost of government and services between several communities a uniform valuation must be used.

This has been attempted by the Special Commission on Equalization and Apportionment. The findings are based on "extensive statistical studies of sales prices of property throughout the state." The size of the sampling, while admittedly limited, was felt to be large enough to provide a "fairly accurate result, especially in residential areas."

Using the market value or sales price as the basis of valuation, how would the tax rates compare between various surrounding towns? Remember, always, that by increasing valuations to present sales prices, a reduction in rate would occur but the total tax bill would remain the same.

However, the uniform valuation would give us some indication as to the comparative cost of government and services.

Some of the Commission's figures:

On the above, Arlington fares pretty well!

Belmont proves to be one of the best run towns in this area. Other towns, too, apparently have a lower "equalized rate". However, many provide less in services such as garbage removal. Also, they are not burdened with the MTA deficit. Many, too, still have to face an expanded school building program.

With the exception of Newton, Arlington fares very well in comparison with cities about our size.

We find this enlightening. We hope this information is used as a basis for saying, "We Belmont, Winchester, Woburn and Newton can do it, so can we!" NOT, "we are wonderful; take a look at Boston, Cambridge, Watertown and Gloucester!"

Comparisons and statistics are all right but they cannot melt away the fact that local government is too costly.

PUNCHING PILLOWS

Everybody wants taxes to be lower. Yes, it is always logical to recommend cuts in expenditures, EXCEPT:—

—residents who want a complete snow plowing job plus frequent garbage collection, leaves swept up, the trees trimmed;

—town employees who want to be with the highest paid in the state;

—school teachers who decry that their profession is one of the poorest paid and is far below most trades;

—town officials who every year find their department short-handed;

—organizations which enjoy tax exemption and want the best of service, too;

—property owners who want their particular new street or sidewalk put in immediately;

—fire, police and public works officials who find their equipment dilapidated or outdated;

—parents who find their children's books are shabby, the trudge to school too far, and the classrooms overcrowded.

Let's cut but not that!

We have a little sign hanging up in our office—sent to us by a paper firm—which applies. It says, "IF you can keep your head and be wise when all about you others are losing theirs . . . then perhaps you don't understand the problem."

STORM

(Continued from Page 1)
press last night, four days after the first storm, Town employees were still out sanding and salting the ice-covered streets.

Outside equipment, including trucks of Selectman Thomas R. Rawson, were brought in to help fight the storm.

Town Manager Edward C. Monahan said that the DPW started plowing at 10 p.m. Saturday night when four inches of snow were on the ground.

At that time, all 38 routes of the Town were covered.

Temperature Drops

Shortly afterward, the temperature dropped below 20 degrees and there was heavy drifting.

Lights went out in different sections. Massachusetts ave. kept power, but sections away from the main thoroughfare lost all power.

By 3 a.m. the temperature was below 10 degrees and visibility was almost zero.

By mid-morning Sunday, all streets, except those blocked by stalled cars, were plowed.

The Manager said that as soon as a street was plowed, ice would form making sanding almost a simultaneous operation.

As crews set about the snow pick up Monday morning, the second storm struck. Though not as intense as the first, it covered the icy streets causing thousands of skids through out the day.

Sweeney, coin containers; Mrs. Kathryn Dempster, theatres; Miss Mary Winters, municipal employees, and John J. Stanton, publicity.

ACCIDENTS

(Continued from Page 1)
And last Thursday, a Web-cowet road mother and her two children were injured after their car had collided with an MTA bus on Medford st.

Hospitalized were Mrs. Barbara Glennon and her children, Barbara, 16 months, and Allen, 4.

TO THE TOWN MANAGER:

Seek Housing For Elderly

An Article asking for permission to erect a modern housing development for the aged in Arlington will be placed in the Warrant for the annual Town Meeting by the Housing Authority, the Advocate learned yesterday.

A similar article was defeated by the Town Meeting two years ago.

An official said yesterday that there would be no cost to the Town. The State pays the cost of construction.

It is thought that a local housing development for the aged would be similar to one in Waltham.

ONE-WAY

(Continued from Page 1)
"The Police Department has always rigidly enforced the ban on all night parking and to supplement their efforts a by-law was adopted empowering the Superintendent of Streets or other officer in charge of ways to remove any vehicles which interfered with the removal or plowing of snow."

"The majority of our citizens conscious of their own responsibility and cognizant of the rights of others make certain that their automobiles are off the highways. They equip their cars with tire chains, dig out their drive-ways or pay someone else to do it for them, and by doing so, eliminate any interference to plowing or the proper movement of fire apparatus."

"It is my opinion that if we continue to ban all night parking; remove when necessary any or all vehicles which interfere with the removal or plowing of snow, irrespective of ownership; and put every citizen on notice that Arlington will not tolerate conditions, which if not condoned, have been permitted to obtain in surrounding communities, the situation can be resolved to the safety and satisfaction of all."

Very truly yours,
Albert E. Ryan
Chief of Police

AHS Five Wins

Arlington high school's basketball team journeys to Brookline tomorrow night to face the Townie five which has already been dubbed a potential state champion.

Brookline has been picked as the logical contender to fight with Cambridge Latin for the Suburban League crown. The Red and Gray played CHLS at the Lowe auditorium yesterday afternoon.

Coach George Lowder will string along with the same starting lineup which has dropped decisions to Winchester and Chelsea.

The local quintet should turn in much improved performances over the rest of the season judging from their play in a practice tournament last week.

The Lowdermen knocked off Browne and Nichols, Wellesley, and Boston English in as many starts. None of the victories go into the record.

"But we gained plenty of experience," Lowder said yesterday.

Against Wellesley Jay Donovan threw in 16 points and seems to be hitting his stride.

Joe Skenderian reached double figures twice in the three game practice tourney.

And Bobby Mattola moved into the number one substitute spot with a fine performance in the tourney. The starters with Donovan and Skenderian are Capt. Charlie Piggott, Dave Gilpatrick, and Denny Morel.

ON MY OATH...

by

Frank Caldwell

This is the season for skiing and New Years resolutions.

I went skiing just once and broke my resolution. I immediately made another resolution. I resolved not to go skiing again. My mistake was when I flew down the ski run and then took off. When I landed at the bottom, that's where I landed, at the bottom. I skidded around on my back with my feet in the air and my skis twisted in every direction. I probably looked like a drunk being thrown out of a saloon. Anyway, I'd rather go she-ing. You can fall harder, too.

But I started to talk about resolutions. People sit down and make out long lists of what they are going to do and what they are going to stop doing. When you come to think about it, all they have to do is make one resolution; to use more will power. That covers everything you want to correct.

I resolve to get rid of my bad habits (she means she's getting a new outfit for when she rides horses).

I will disregard all small things (by this they mean their husband).

I shall always look upward, never downward (she's going to have a bad spill if she ever has to go to the cellar).

I resolve not to let pests annoy me (now she's back to her husband again).

I shall keep my spirits high (that's probably where he keeps his too, on the top shelf).

The church school staff will meet in the Parish Hall at 7:30, Jan. 7, under the leadership of the Minister to Youth, Roland K. Hawkes.

The Board of Management, William L. Norton, chairman, Miss Elizabeth Yerrinton, clerk, will meet in the Parish Hall at 7:45, Tuesday, Jan. 8.

Canvassers for the Every Family Canvass will meet in the Parish Hall at 8:00, Wed., Jan. 9, under the chairmanship of Harold G. Creelman.

The 116th anniversary of the church will be celebrated by a church birthday party at 7:45 Fri. Jan. 11 in the church vestry, with dessert served, followed by entertainment, with early adjournment planned. 13 parish organizations are making arrangements; co-chairmen are Mr. and Mrs. Paul E. Widder.

The most thrilling race of the day was the relay with Arlington's quartet of Fred Buckley, Paul Bicknell, Bill Norton and Bob Gazza taking top honors. No more than 2 yards separated the teams in each leg.

The summary:
300-yard run—Won by Bob Gazza (A); 2, Dean Webb (N); 3, Don Parker (N). Time 38.8s.

600-yard run—Won by Bill Skelton (N); 2, Stan Masters (A); Channing Wagg (N). Time 1:29.2.

Shot—Won by Frank Kesselman (N); 2, Mel Bloomstein (N); 3, Steve Singer (N). Distance—45 ft., 11 1/2 inches.

1000-yard run—Won by David Moore (N); 2, Anthony Resnacci (A); 3, Stan Hutchinson (A). Time—2:26.7.

Hurdles—Won by Lear Levin (N); 2, Walter Porter (N); 3, Bill Norton (A). Time—7s.

High jump—Won by Pete Freyer (A); 2, Don Saari (N); 3, Tim Anderson (N). Height—5 ft., 11 inches.

50-yard run—Won by Mel Bloomstein (N); 2, Frank Kesselman (N). Time—6s.

Relay—Won by Arlington (Fred Buckley, Paul Bicknell, William Norton, Bob Gazza). Time—2:11.8.

School Building Agency Urges No Law Change

Legislators have been advised by the School Building Assistance Commission not to make any change in the formula for state sharing of expenses of new school building. The board has recommended that the proposal to limit to 50 per cent the amount of aid given by the state, be side-tracked.

ENSIGN ROBERT E. STENGLE son of Mr. & Mrs. Charles Stengle of 105 Falmouth rd., is on board the destroyer USS Heermann, currently attached to the 6th Fleet in the Mediterranean. He is a graduate of Tufts College of Engineering Class of 1956.

EDWARD F. WALKER, 202 Pleasant Street, will serve as Area Chairman in Precinct 6 for the 1957 Heart Fund Campaign in Arlington.

At present the state picks up between 25 and 50 per cent of the cost of new school building in cities and towns and between 35 and 65 per cent of the tab in regional school districts.

Objecting to any change which would guarantee a 50 per cent share by the state in new school construction, the commission stated that the results would be:

"1. Nine regional school districts, each planning a school construction project estimated to cost about \$2,000,000 would

have their state construction grants reduced from 65 per cent to 50 per cent; the average loss to each district would be about \$300,000. It is possible that this reduction might cause abandonment of these proposed projects.

"2. The state construction grants on the above-mentioned \$150,000,000 of proposed school construction projects would be increased from about \$50,000,000 to about \$75,000,000, costing the Commonwealth an additional \$25,000,000.

"3. The annual budget of the School Building Assistance Commission, for construction grants, would increase in fiscal 1958 about \$600,000 and in fiscal 1959 about \$700,000, costing the Commonwealth an additional \$1,300,000 in those two years.

"4. A large part of the increase in state school construction grants would go to communities which have delayed, almost to the point of desperation, any action to meet their school building needs, while other communities of no greater wealth were stretching their budgets to try to provide adequate school buildings for their children.

"5. The equalization principle would be more than negated, since the wealthier communities would be receiving the same per cent (50) of a larger amount than the poorer communities (e.g., the wealthier community could afford a \$1,000,000 building to house the same number of pupils that the poorer community would have to house, at say, \$700,000; thus, the wealthier community receives \$500,000 while the poorer receives only \$350,000, each for the same number of children.

"6. Since there is a limit to the amount of money the Commonwealth can provide for school construction grants, the greater share would go to the communities which are most able to afford good schools while the smaller share would go to the communities which are least able to provide good schools.

"The present formula, in effect for eight years, has worked satisfactorily and has enabled the vast majority of our cities and towns, and all of our regional school districts, to make truly wonderful progress toward meeting their school building needs."

Explaining its objection to any change in the present basic formula for school building grants the commission pointed out that "equalization formulas say, in effect, that the less wealthy communities receive the larger per cents of state construction grants and the more wealthy communities receive the smaller per cents. The word 'equalization' as used here, implies equalization of educational opportunity among the cities and towns, and regional school districts of the commonwealth.

"In order to encourage the establishment of regional school districts among towns too small or too poor to provide, from their own resources, a good education for their children, the General Court provided a more liberal formula for regional school districts as a financial incentive.

"Since the establishment of the School Building Assistance Commission in 1948, the Commission has approved 688 school construction projects in 239 towns, 33 cities and 14 regional school districts. The total approved costs of these 688 projects is about \$390,000,000; the total of the construction grants on these 688 projects is about \$137,000,000; and the total of payments certified by the Commission is about \$24,000,000. Over the next 20 years the state will pay on these 688 projects a total of about \$113,000,000.

"More than one hundred school construction projects are now at various stages toward becoming approved projects. The total estimated cost of these projects is about \$150,000,000, the total of the estimated construction grants on these projects is about \$50,000,000."

Arlington members of the M.E.C.A. include George Davis of Westminster ave. both William Fitzmaurice of Mt. Vernon st., and Alvin Woodward of Swan place.

N. E. Electric Expects Higher '57 Income

New England Electric expects a 1957 increase in consolidated net income of about five per cent over 1956. President Irwin L. Moore states in a year-end letter sent with quarterly dividend checks of 25 cents a share on the System's common.

Total revenues for 1957 are currently forecast at eight per cent above 1956.

Moore said business in 1956 was generally good in territories served by New England Electric companies, and "for 1957 we look forward to continued growth in both our gas and electric sales."

Sales Down 11 Per Cent; New Homes Off By 5

Real estate activity in the Boston suburban region during November dropped 11% below that of a year ago, as measured by the number of deeds recorded. New home building was down 5%, according to "Real Estate Trends", published by the First Federal Savings and Loan Ass'n of Boston.

Both home buying and home building have slowed, due apparently to the tightening in mortgage money. Compared with the boom activity to which the industry has become accustomed, the current volume of business is low, but measured by either war or prewar conditions it still is relatively large, "Trends" believes.

Arlington Leads

In the Cambridge area, 181 deeds in November were 9% less than a year ago, a ratio of 1.03 deeds per 1,000 residents. Arlington again led the area with 1.97. Belmont had .94 and Cambridge .62.

Arlington had 11 new dwellings and Belmont four. All were single-family.

In the first 11 months of 1956 deeds in Arlington tallied 762, compared with 771 in 1955.

Little Change in Pattern
Woburn area took the lead in November, but Norwood and Framingham areas, former leaders, were close behind. These three areas have consistently ranked as the most active for a long time. Other areas at or above the median, Waltham, Salem, Quincy and Lynn areas, appeared in practically the same order as before.

Of the 52 cities and towns above 10,000 population, Randolph led again in November with a ratio of 6.87 deeds per 1,000 residents. Tewksbury with 5.53 came second and Billerica's 4.37 was third.

Others in the most active ten were Reading 4.32, Framingham 4.12, Stoughton 3.49, Lexington 3.46, Peabody 3.41, Norwood 3.37 and Concord 3.37. The appearance of Peabody, Norwood and Concord in the top ten is of interest. While they have ranked high at times, they showed a decided spurt in November.

Winners Announced In Book Fair Quiz

The Parmenter Parent-Teacher Ass'n has awarded three prizes for the Book Fair Quiz which was used as part of the exhibit at the Parmenter table during the Book Fair at the Town Hall in November.

Book bags have been given to Wilma Muller, 42 Cleveland st.; Charles J. Bowser, 57 Exeter st., and to Forrest Williamson, 85 Oakland ave.

Prizes for Honorable Mention were given to Bernia Yood, Tommy Spengler and Bobby Donovan.

Three other classes won prizes for having 100 per cent membership. Miss Flanagan, Mrs. Littlefield and Miss Morrison.

After the meeting, the parents were entertained by the children in the school, who sang carols and Christmas songs under the direction of Miss Shirley Vedoe and her staff of teachers.

Mary Ellen Kearney and Nancy Connors from the sixth grade gave recitations and Carol Scales from the fifth grade played an accordion solo.

The children were given a Christmas party in their classrooms on Friday, Dec. 21, with ice cream and cookies and Santa visited all the classrooms throughout the school.

Mrs. David Massey and Mrs. John Higgins helped Miss Lamson with the parties for the kindergarten children.

Arlington Man Named To State Alcohol Position

(By N. E. News Service)

Harold W. Demone Jr. of Arlington was approved yesterday by the Governor's Council for the \$8500 a year post as State Commissioner of Alcoholism, to carry on the work he has been doing for the State of New Hampshire.

The Council had held up confirmation of Demone as Commissioner because when his name was first presented, the Governor showed he was a resident now of New Hampshire, but after it was explained that he had been carefully screened for the job only the Democratic members of the Council objected to his confirmation.

During discussions it was pointed out the screening had been undertaken by Health Commissioner Samuel B. Kirkwood, Mental Health Commissioner Jack Ewalt and Correction Commissioner Russell G. Oswald.

Oswald and Ewalt were both brought into Massachusetts state service from other states — one by Governor Herter, the other by Governor Dever.

Democratic Councillor Patrick J. McDonough of Boston argued that there was no need to go outside Massachusetts for a Commissioner on Alcoholism, but Councillor Bruce Crane (R) of Dalton explained that Demone was a Massachusetts man who had been enlisted two years ago to undertake such a program in New Hampshire.

Safe Driving Film Shown At AHS

Students at the Arlington Vocational High School got an entertaining yet serious object lesson in safe driving at a recent assembly when the program was under the supervision of Mr. Robert A. Panore, representing the Registry of Motor Vehicles.

He stressed the importance of safe driving and gave many illustrations of the horrible results which careless driving will produce.

Mr. Panore showed a film, "The Last Date", which had a very sobering effect upon the group.

This assembly was arranged through the cooperation of Police Chief Albert Ryan and Safety Officer Lieut. Philip Sweeney.

"It is hoped through such programs to inform the teenagers of the dangers of careless driving and to help keep Arlington high on the national safety list," said Vocational School Director Harry Patterson.

CUB SCOUTS

Pack 94

The Cub Scouts of Pack 94 were given a Christmas party Friday, Dec. 21, at Trinity Church.

Ralph Fiske led the salute to the flag and Bruce Roper led the Cubs in the Cub Scout Promise.

A selection of Christmas carols was sung by the Cub Scouts and accompanied by the Cubmaster, George Kinsman, on his guitar.

Mr. Kinsman also sang a solo "Holy Night".

This was followed by a pantomime "Out Of The Woods", a Christmas story, narrated by Mrs. Edwin Springer. The Cub Scouts were under the direction of their Den Mothers—Mrs. Dora Stacey, Mrs. Marie Burak, Mrs. Shirley Crosby, Mrs. George Lawson and Mrs. Alva Whiting.

The Cubs were given ice cream and cookies and the Pack presented them each with a Christmas present.

—Miss Paula T. Scavitto, a junior in the physical education course at Bouve-Boston School, which is affiliated with Tufts University, Medford, has been enjoying the Christmas recess from her studies. She is the daughter of Mr. and Mrs. Emil Scavitto of 31 Philemon st.
